

Year 2 Newsletter

12.10.18

Thank you to all those parents and carers who came along to see our short presentation in Celebration Assembly this morning. We loved sharing our topic news with you.

This week we have been reading weather and season poems and thinking of different ways to perform them. We have had great fun using our voices and bodies to perform the poems and songs.

We have also had fun making bird feeders to feed the birds as the weather gets colder.

Education City

Well done to all of those children who have already been onto Education City. I can see that quite a few children have already completed the tasks and I will put new tasks on next week. Next week will also be when our homework booklets are given out. These will have little projects and ideas for you to work on in your own time. If you complete any, please send them into school for us to celebrate.

Requests

We are going to be making binoculars to watch the birds that visit our feeders and we will be using lots of kitchen roll tubes. We would very much appreciate any tubes that you could send in when you have finished with them.

Changing of the Seasons Festival

We would love you to join us for some seasonal fun at 2.00pm on October 17th. The children will have the opportunity to make chocolate apples, leaf collages and other Autumnal crafts.

Thank you for your continued support,

Mr Pascoe and the Year 2 Team
