

### Literacy

We will be reading a variety of short stories this half-term to begin our reading journey for the year. These stories will include a variety of genres.

We will start our Year 2 writing journey by creating poems and fact-files to support our learning in other topics. Our fact-files will be focused on big cats and will link to our Science topic of Animals, including Humans.

### Art and D&T

We are going to be learning how to paint and draw African inspired patterns and animals. We will look closely at the work of Edward Saidi Tinga Tinga.

### Geography

We will be learning how to compare different localities. We'll be specifically looking to compare the physical and human features of our own local area with a village in Zambia.

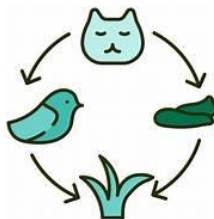

## Year 2 Autumn 1

### Science

We will be looking at Animal, including Humans, in Science this half-term. We will be learning about living creatures and their habitats. We will be thinking about what they need to survive and where they belong in food chains.

### Computing

We will be learning about what technology is and how computers can help our school and homes to function.

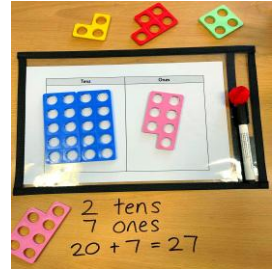

### RE

In RE this half-term, we will be studying multiple religions to answer the key question:  
What makes some places sacred to believers?

### Maths

We will be focussing on developing our number sense and place value skills this half-term. We will be exploring tens and ones all the way up to 100.

### Physical Education

We will be working on our dance skills in PE. We will be learning and creating our own dances, including some inspired by different animal movements.

### Music

In Music, we will be developing our singing and improvisation skills.

### RSHE

Our RSHE topic is:  
Being me in my World.

We will be thinking about our place in the world around us and about what makes us special.
