

Literacy

We will be reading books and listening to stories about significant historical figures to link with our History topic.

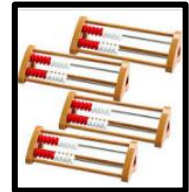

We will be writing a biography of a significant historical figure as well as a short story.

Year 2 Autumn 2

Maths

We will continue to focus on addition and subtraction of numbers. We will work to develop a secure understanding and a quick recall of addition and subtraction facts up to 100.

We will be working towards being able to subtract tens and ones from any number under 100.

Science

We will explore the topic of animals and their habitats. We will be using research and enquiry skills as we answer questions.

We will learn about the biologist David Attenborough.

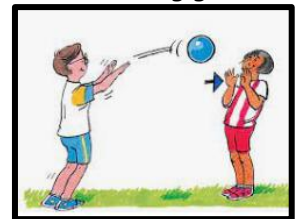

Art and Design & Technology

We will learn about simple mechanisms and make our own Christmas cards with moving parts.

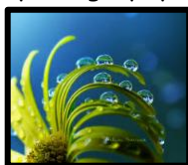

Physical Education

We will be developing our throwing and catching skills. We will learn to evaluate and improve our skills. We will learn the rules to simple throwing and catching games.

Computing

We will be discovering how to capture the perfect picture as we explore digital photography.

RSHE

In our Jigsaw lessons, we will be celebrating difference. We will explore what the term bullying means and learn what to do if we are worried about it. We will talk about what makes us unique and learn that being different is something to celebrate.

Music

In music we will focus on listening to and appraising songs. We will also be playing instruments, taking inspiration from the animal kingdom.

History

We will be finding out what makes a person significant. We will learn about Florence Nightingale and Mary Seacole.

RE

In RE we will be answering the question - 'What is the good news that Christians believe Jesus brings?'
